

Where Do Kids Get Drugs Or Alcohol From?

- Other students in their school
- Your own liquor supply in the home
- Old prescriptions left in your medicine cabinet
- Older peers, brothers, sisters, dealers, and even parents
- Known curb service drug areas in the city or dope houses
- The workplace – know where your child is working
- By purchasing legal over-the-counter diet pills, caffeine pills (No Doz, Vivarin), cough medicine, Coricidin, Robitussen and other drugs
- Through magazine subscriptions
- Internet, cell phones

When and Where Do Kids Drink and/or Take Drugs in Allen County?

- At parties
- Before dances
- House hopping
- In fields, parks and wooded areas
- Before and after sporting events
- In vehicles
- In abandoned buildings or homes
- When parents are not home
- Congregating around local food stores and shopping malls
- Before or during the school day or school function

Before your children participate in activities, talk with them about your concern over the availability of drugs and/or alcohol and assure them that consequences will be imposed if they violate your house standards.
