When choosing a High School, you must designate either a traditional program or Program of Study. Programs of Study require a 4-year commitment or student will return to their attendance area school. **If choosing a Program of Study, write the program number (1-6) on front side.**

1	North Side - Global Studies/World Languages and Early College - This Early College program partners with Vincennes University and incorporates global knowledge into courses to enable students to be able to work, live and communicate in a global society. The emphasis is on developing an understanding of how the world's people and institutions are interconnected and how critical global economic, political, technological, environmental and social systems operate interdependently across the world. Students are able to earn an Associate's Degree through this program. Students must have a SRI level of 900 or higher.
2	Northrop - Project Lead the Way/Engineering - The PLTW focus is on real-world learning and hands-on experience to engage students in engineering, biomechanics, aeronautics and other applied math and science areas. The students learn through activities-based, project-based and problem-based learning, which creates an environment for applying engineering concepts to real problems. Students must have a SRI level of 900 or higher. Students should have already passed the Algebra I class and be enrolled in Geometry for their first semester of Freshman year.
3	Snider - Project Lead the Way/Biomedical - This program is geared toward students contemplating a career in one of the health fields ranging from nursing to physical therapy to becoming a dentist or doctor. In addition to the rigorous coursework, students have opportunities to participate in internships in various medical, therapeutic or diagnostic fields. Students must have a SRI level of 900 or higher.
4	South Side - International Baccalaureate - A rigorous pre-college program that can result in a diploma that is recognized by many universities and increases student's eligibility for scholarships. The IB Program seeks to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect. South Side has offered the IB Diploma for 19 years and remains the only school in northeast Indiana with this prestigious program. The Diploma Program is for grades 11 and 12 and the Middle Years Candidate Program is for grades 9 and 10. Students must have a SRI level of 900 or higher. At end of 10th grade students will have the choice to enter the IB Diploma Programme.
5	Wayne - Early College Business - The Early College Program partners Wayne with Ivy Tech to provide a rigorous Business Education program. With dual credit opportunities in Business as well as a number of core courses like English, mathematics and social studies, a Wayne student in the Early College program will be prepared to achieve success in the business world. Students begin earning college credits through Ivy Tech as early as their freshman year and build toward an Associate's Degree over their four years. Students must have a SRI level of 900 or higher
6	Wayne - New Tech Academy plus PLTW Biomedical and PLTW Engineering - New Tech Academy is a national demonstration site for its outstanding use of project-based learning. Students are engaged and challenged daily as they are enrolled in integrated classes using new technologies. Students learn in an innovative and professional environment, fostered by the use of advanced learning methods and technology. New Tech's enrollment requires a Lexile score of 900 or higher and either attending Towles New Tech or securing a lottery spot.
