RELATED INFORMATION:

Indiana law requires that projects over \$100,000 make use of a registered architect or a professional engineer for developing plans and specifications. Project architects/engineers need to be appointed now to allow sufficient time for planning and bidding of the project to ensure construction starts during the summer of 2022.

The projects at Adams Elementary, Kekionga, Portage, Lakeside, Northwood, Lane and Shawnee Middle Schools and Northrop High School will be funded from the 2016 and 2020 School Building Basic Renewal/Restoration and Safety Projects (Bond). The window replacement projects will be funded from the Elementary and Secondary Emergency Education Relief (ESSER III) grant.

Questions will be addressed by Director of Facilities Darren Hess.
