GO BOND

MIDDLE SCHOOL MUSIC AREA RENOVATIONS

(Support B Instrumental Program)

Support successful implementation of the B Instrumental program through renovated spaces that are better designed for modern musical activities. Provide proper space, additional storage and improved acoustic considerations for growth of these programs.

CORRIDOR LIGHTING AND/OR LOCKER IMPROVEMENTS

Corridor lighting and lockers are at the end of their useful life and are in need of replacement.

ADA ACCESSIBILITY IMPROVEMENTS

Replacement of two failing elevators at Grile Administration Building (45 years old) and improvements consisting of the addition of a handicapped accessible entrance and restrooms adjacent to the training room at the Facilities building.

WINDOW REPLACEMENTS & MASONRY RESTORATION

Masonry restoration projects that were previously bid as alternates for current projects but were not accepted due to funding constraints. Replacement of existing single pane windows at Facilities building.

ROOF REPLACEMENTS

Ongoing roof replacement per the district's replacement schedule, based on warranty/lifecycle expiration. Needs projections currently exceed annual capital projects funding availability through 2026.

TEMPERATURE CONTROLS UPGRADE

Replace temperature controls systems that are technologically obsolete and no longer supported.

CHALK TO MARKERBOARD CONVERSIONS

Retrofit existing chalkboards with dry erase markerboard surfaces to provide a consistent, modern standard throughout the district. Work consists of various rooms in 20 different buildings.

PROGRAM SOFT COSTS AND FINANCING

Program management, insurance and financing costs, and contingency allowance.
