

# ON-CAMPUS STEM SUMMER CAMPS

**Build+Learn**  
MIDDLE SCHOOL SUMMER CAMP

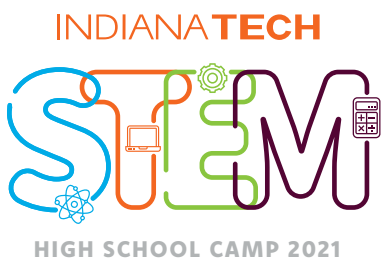

**June 14-18**

## For Middle School

**Daily, from 8:45 a.m. to 12:45 p.m.**

10 SPOTS ARE AVAILABLE • LUNCH AND SNACKS SERVED EACH DAY

An engaging, hands-on experience gives middle school students a chance to explore science, engineering, math and technology. Participants will conduct experiments; design, construct and test structures; use computer-aided drawing software; and explore labs on campus.

**June 21-25**

## For High School

**Daily, from 8:15 a.m. to 5 p.m.**

25 SPOTS ARE AVAILABLE • BREAKFAST, LUNCH AND SNACKS SERVED EACH DAY

A launching pad for several successful engineering careers over the years, this camp is an ideal place for your student if he or she is curious about biomedical engineering, computer science, electrical engineering, environmental biology or mechanical engineering.

- Camps will be at the Indiana Tech campus, 1600 E. Washington Blvd. Should conditions related to COVID-19 worsen between now and then, they will be delivered virtually.
- Transportation to and from camp must be provided by a parent or guardian.
- All registration fees will be paid for by the FWCS GEAR UP program.

- Learn more about these camps at [indianatech.edu/camps](http://indianatech.edu/camps). To register, contact one of the FWCS representatives below:

Stephanie Carlson, GEAR UP Coordinator of Learning Partners and Programs
